

Competent Person To Receive Safety Documents Course

Course Code: HV6

Introduction

This Competent Person to Receive Safety Documents course is designed for persons who are required to receive safety documents, and either work alone or with others in a working party.

This course is essential for all persons who receive safety documents, to ensure they fully understand their role and responsibility, when in receipt of safety documents.

Content

Course Outline:

- Electricity networks

- Relevant legislation

- Safety rule requirements

- Safe systems of work

- Safety documents

- Responsibilities of persons

- Course assessment & review.

Aim

To familiarise existing Crafts Persons with the requirements for being the recipient of safety documents and their responsibilities.

Participants

All craft persons who receive safety documents so they are trained in the safe application and execution of their duties

Certification

Candidates who successfully complete the theoretical competence assessment will receive a “Competence” certificate. Those who fail or do not wish to undertake the competence assessment will receive a “Attendance” certificate.
